SUSTAINABILITY

OVERVIEW

Asia Aviation exclusively invests in **Thai AirAsia**, whose operations are the focus of this company profile.

- Thai AirAsia strives to be Asia's leading sustainable travel technology company, delivering affordable flights with exceptional service and cost-efficient technology under the slogan, **"Now Everyone Can Fly."**
- The airline operates **high-frequency, short-haul routes** (under 4.5 hours) from **hubs in Bangkok, Phuket, and Chiang Mai**, connecting Southeast Asia, South Asia, southern China, and Japan. It primarily serves leisure and business travellers, offering competitive fares and dependable on-time performance.

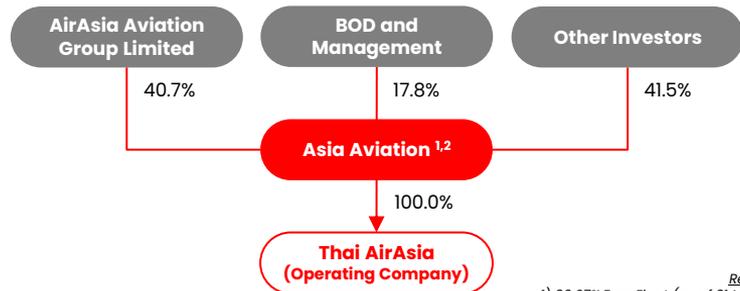

VISION & MISSION

To be the leading **sustainable travel technology company** in Asia providing more than just affordable flights:

- To provide the highest quality product, **embracing technology to reduce cost and enhance service**
- To **create jobs** across the region and **be the best company to work** for where dreams come true
- To **care for all our stakeholders**, including Allstars, guests, business partners, investors, communities and governments
- To **create a globally recognised, sustainable ASEAN brand** focused on adding value to the economy, society and environment

Thai AirAsia flies toward a greener sky with unwavering sustainability commitment

Net Zero Strategy:

In 2Q2025, Thai AirAsia advanced its net-zero strategy by adding a new, more fuel-efficient A321neo aircraft (cutting emissions by up to 24%) and is actively monitoring the implementation of Sustainable Aviation Fuel (SAF) in Thailand.

Thai AirAsia Inks Green Finance Deal with Kasikornbank:

Thai AirAsia partnered with Kasikornbank on an ESG-linked currency hedging deal. The airline will receive preferential exchange rates for achieving a specific carbon reduction certificate by 2026, directly linking financial incentives to its environmental goals.

Driving Local Economy Through Collaboration with Thai Farmers:

In partnership with the Ministry of Commerce, Thai AirAsia now features seasonal fruits from Thai farmers on its in-flight menus. This year-round initiative, supports the local economy while creating a unique, sustainable travel experience for passengers.

Earns Perfect Score in Global Sustainability Ranking:

Thai AirAsia earned a perfect 10/10 score in a global sustainability assessment by 42kft.com, ranking it in the top 25 of 142 airlines worldwide. This achievement recognizes the company's strong environmental initiatives and significantly boosts its ESG profile and stakeholder confidence.

Journey D Partners with TAT to Drive Sustainable Tourism Through "Village to the World" Project:

Developing model cultural routes in Lampang and launching a promotional campaign this August to encourage responsible travel to pilot provinces.
